Petition

To Premier Dalton McGinty and Members of the Ontario Legislature

We, the undersigned residents of Ontario, oppose Bill 13.

As an anti-bullying measure this bill is unnecessary because Ontarians already have Bill 157. Moreover it promotes radical revisions to school instruction on sex and gender that a majority of parents do not support. Legislation is not the way to implement equity education. This should be addressed by teacher training, after wider parental consultation, in a way which respects the views of people of faith. We ask all MPPs to vote against Bill 13.
